EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

IN THE CLAIM

Re. Claim 1: After the phrase "providing" as recited in line 5, change the phrase "a spacer" to --the spacer--.

2. The following is an examiner's statement of reasons for allowance: Upon further consideration with applicant's arguments on 7/29/2004, examiner agrees with the applicant's counsel that the prior art of record of Poiling teaches a process of making a control device including processes of providing a hollow spacer with at least one opening end and an access slot and a biasing member including a front end and rear end as shown in Fig. 3 and positioning the biasing member within the spacer that the spacer extends only around the biasing member and positioning the biasing member and the spacer within the access slot (as per claim 33) and installing the biasing member and the spacer in a contact carrier such that the biasing member front end receives and is mounted on a moving contact retaining boss and the biasing member rear end receives and is mounted on a contact carrier mounting tab. However, Poiling fails to disclose the claimed invention such as a process for determining a compressed

biasing member length and the spacer having a length substantially equal to the compressed biasing member length (as per claim 1) and determining a moving contact safe travel distance and the spacer with at least one longitudinal opening and having a length substantially equal to the moving contact safe travel distance (as per claim 32). It is not obvious taken alone or in combination of other references fairly to suggest the claimed invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Claims 1, 3, 6, 7, 32, 33 and 35 are allowed.
4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Paul D Kim whose telephone number is 571-272-4565. The examiner can normally be reached on Monday-Friday between 8:00 AM to 4:00 PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Peter Vo can be reached on 571-272-4690. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
